

## Publications of the personnel from the Department of Genetics and Bioengineering at IBU over the past three years (2015 to 2017).

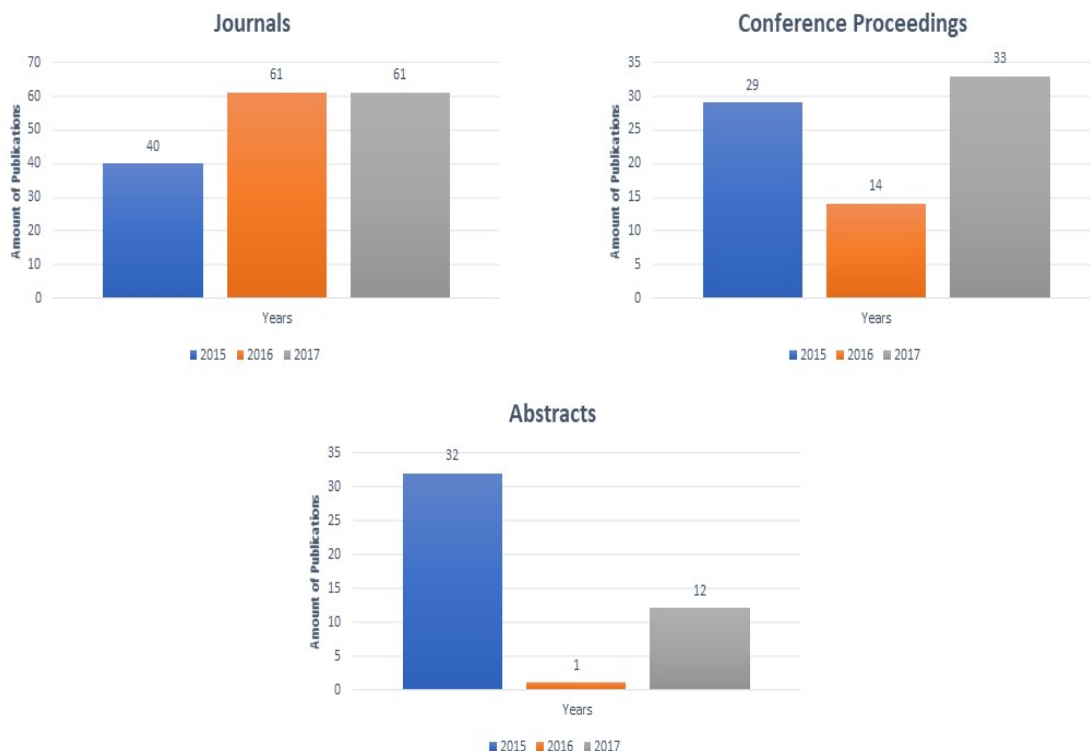

Oct 27, 2017

*Publications include articles in journals, conference proceedings and abstracts.*

The following article portrays the achievements in terms of publications of the personnel from the Department of Genetics and Bioengineering at IBU over the past three years (2015 to 2017). Publications include articles in Journals, Conference proceedings and Abstracts. These works were published in both national and international conferences and/or journals. The tables gives a preview of the number of published works and statistical analysis of these achievements.

The following table presents an overview of GBE personnel publications from 2015 to 2017 in terms of journals, conference proceedings and abstracts. Downloadable link can be found [here](#).

Also, statistics in terms of all GBE personnel have been collected, and are presented in table format for Journals, Conference Proceedings and Abstracts. Downloadable link can be found [here](#), and positioned below.

Additionally, statistics have also been collected for GBE personnel publications (journals, conference proceedings and abstracts from papers) in terms of 2015, 2016 and 2017. A downloadable linked can be found [here](#).

Finally, statistic tables have been constructed for each GBE personnel, and are shown in photo gallery below.

We are very proud of the GBE personnel, and hope for even more success in the future.
